

The background features a dynamic shot of clear water being poured from a glass into another, creating a sense of freshness and movement. In the foreground, a dark grey, handheld water testing device is shown. The device has a color touchscreen displaying a user interface with a 'Tap to Start Test' button, a 'Source' dropdown menu set to 'Treated Water', and a 'Disk Series' dropdown menu set to 'DW13'. The screen also shows a date and time: '30-Nov-24 12:14 PM'. To the right of the device, two circular test cartridges are visible, each containing a row of nine small, colorful test wells (pink, blue, green, yellow, red, purple, orange, light blue, and dark blue).
